ESTABLISHMENT OF QUORUM	A quorum was established with five members present.
APPROVE AGENDA	MSCU (Moore/Roderick) to approve the agenda.
PLEDGE OF ALLEGIANCE	The Pledge of Allegiance was recited.
REVIEW CDPH GUIDELINES	<p>President Bailey reviewed the agenda item regarding the California Department of Public Health (CDPH) new guidelines and direction to keep Janesville School open. The following was discussed:</p> <ul style="list-style-type: none">• District must meet new guidelines from CDPH• Hard four-foot separation rule• Working over ideas to develop in-person instruction• Some students left on long term independent study• Minimal changes in classrooms• Number of students in classrooms will be within guidelines• County will apply for waiver from State to relax guidelines requiring distancing in classroom, playground, and cafeteria• Three kindergarten classrooms instead of two• Teachers notifying parents to where students will be going• Small adjustments to sixth through eighth grade rooms• Kindergarten through third grade classrooms have room to distance properly• Fourth through eighth grades will have a shuffle in students to accommodate classroom size resulting in more combo classes

- If waiver is issued, keep original classroom situation
- Doesn't leave much room for new students to enroll
- Enrollment stable at the moment
- Still no inter-district transfers allowed
- If a waiver is received, Ms. Bailey is requesting an instructional aide for additional classroom support
- No back-and-forth for students and teachers' schedules whether a waiver is received or not
- Students need to get into curriculum right away for the remainder of the year
- Mr. Brown can try and delay classroom move awaiting waiver arriving before end of the week
- Resuming school as usual without waiver and placing students in classrooms under the four-foot rule would be out of compliance
- All staff may not be comfortable with that idea
- Minimize number of students on playground and cafeteria at the same time
- Additional aide time needed for new combo classes and coverage of duties
- "Green light" to hire paraeducators to meet the needs of the district
- Board granted permission for Mr. Brown to teach one class to benefit students and alleviate classroom size
- No longer offering distance learning; may have long-term independent study working with certain teachers
- "Odyssey Ware" program taking stress off teachers to provide distance learning for students; currently used by another district in the area
- Interrupting instruction that was already in progress was an unintended consequence of the new CDPH guidelines; waiver would "un-do" that
- Students not able to social distance in cafeteria; not enough tables available
- Classrooms may need to be used for meals, but not ideal
- Parents/guardians will be notified before classrooms are rearranged
- Option of staying on distance learning for additional week until waiver is received
- Cohort language needs to be changed to "stable learning groups"
- Allow kindergarten through third grade return to campus, and continue distance learning for additional week to fourth through eighth grades awaiting waiver?
- Board approves current plan in the absence of a waiver

- If waiver is imminent, Mr. Brown will take appropriate action, after addressing staff, to decide whether to resume in-person learning or continue distance learning, not exceeding one additional week.

STRATEGIC PLAN/ BUDGET PRIORITIZATION	<p>Mr. Brown reviewed the copy of the prioritized items from the previous strategic plan/budget prioritization meeting held last year. There was discussion on the following:</p> <ul style="list-style-type: none">• Approximately \$100,000.00 in reserve for facilities project• Avoided making big purchases last school year with COVID-19 happening• End of year reserve is 29%; deficit spending over the next two years• Recommend pushing back spending another year on improvements• Information coming soon from the Governor about funding schools adequately and a Cost of Living Adjustment (COLA)• Possibility of combination classes for fourth through sixth grades for the foreseeable future• Under Governor's budget we are under the first month of deferrals• Best to prevent combo classes to meet the needs of the student population• Difficult for teachers getting through two curriculums at one time• Greater level need for additional teachers in addition to who we already have

- Funding and space holding back a science lab with dedicated lab equipment
- Many teachers have since retired wanting the science lab; speak with current teachers about priority of this item
- Looking for someone to “lead the way” for educational playground paint/art supplies
- Stencils available to us from Public Health to beautify restrooms and playground
- Library furniture less important as higher priorities in facilities maintenance
- Lower playground project engineered by NST is a top facilities priority
- Concrete repair needed campus wide, Troy will check prices
- Flooring replacement plan is budgeted; perhaps budget concrete repair in sections as well
- Drainage design more of a priority than sidewalk improvement
- Start at bottom of playground with asphalt project, then work up to sidewalk and drainage projects around activity room
- Mr. Brown recommends doing all three projects at one time when funds are available due to playground disruption during the school year
- Designate majority of funds to facilities to knock out NST Engineering project and move on to another project
- If the state comes up with a new proposed budget, the project could be a reality in a year from now
- Federal and State monies have indicated priorities to solve Heating, ventilation, and air conditioning (HVAC) problems for better ventilation
- With those funds, air conditioning in primary hallways could be a possibility sooner than anticipated
- Repair landscaping in front of gym; alumni group who may be willing to make that happen
- Low maintenance beautification with drought resistant shrubs and trees
- Volunteer community members and donations can be used to work together for landscaping
- Replace hot water heater for janitor’s closet/staff bathroom to boost moral
- Maintain appropriate levels of paraeducator time
- Intervention teacher; had one and lost one, now not able to fit into the budget at this time
- Projector/document cameras in all classrooms

- Replace lower playground (swing set) pea gravel border should be included in the NST Engineering lower project
- Chain link fencing done on back side of property
- Eventually we would like the entire campus enclosed
- Video cameras are up and running and district would like to add more cameras for additional campus coverage
- Bricks completed around benches
- Add dates to projects completed list and remove after five years after completion.

P.O. Box 280
Janesville, CA 96114

Dear Ed and Members of the Board:

In accordance with Education Code Section 42131, the Lassen County Office of Education (LCOE) has reviewed the First Interim Report of the Janesville Union School District (JUSD) for fiscal year 2020-21. The Education Code requires the County Superintendent to either approve or disapprove the certification for each school district after completing the following:

1. Examine the First Interim Report and determine whether it complies with the standards and criteria established by the state;
2. Identify any technical corrections needed to bring the budget into compliance with the standards and criteria established by the state;
3. Determine whether the projected budget will allow the district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the district to satisfy its multi-year financial commitments.

CERTIFICATION - The JUSD has submitted a positive certification for the First Interim Report, which complies in all material aspects with the State-Adopted Criteria and Standards for districts of Janesville's size. The report was based on the adopted State budget and information known as of October 31, 2020.

ENROLLMENT - For the 2020-21 school year, districts will be funded off of the 2019-20 P2 ADA. The District's ADA is projected to increase in the two subsequent years.

2019-20 P-2 ADA	362.94
2020-21 Estimated ADA	362.94
2021-22 Estimated ADA	362.94
2022-23 Estimated ADA	362.94

UNRESTRICTED DEFICIT SPENDING - The District does not plan to deficit spend in the current fiscal year, but does plan to deficit spend in the two subsequent years.

2020-21	\$206,170
2021-22	(\$ 67,070)
2022-23	(\$138,732)

Ed Brown, Superintendent
and
Members of the Board of Trustees
January 22, 2021
Page 2

ENDING BALANCE – The JUSD is able to meet the minimum State-recommended reserve in the current and two subsequent fiscal years. Here are the projected total unrestricted, restricted, and designated reserves currently projected:

June 30, 2020	\$1,084,847
June 30, 2021	\$1,017,777
June 30, 2022	\$ 879,045

CASH FLOW - The District is projecting positive cash flow each month through June 30, 2021. The June cash is expected to be \$248,959.

COLLECTIVE BARGAINING - According to information provided, labor contracts have been settled. Please keep in mind that, before the District's Board takes any action on a proposed collective bargaining agreement, the District must meet the public disclosure required of Government Code and Title V. The document used for this analysis is referred to as "AB 1200 Public Disclosure of Proposed Collective Bargaining Agreement." This document must be sent to the LCOE ten working days prior to Board approval. We request this information be provided for any settlement regardless of estimated cost or savings.

SUBMISSION OF STUDIES, REPORTS, EVALUATIONS, AND/OR AUDITS - The Education Code requires districts to submit to the LCOE any studies, reports, evaluations, or audits done of the District that contain evidence that the District is showing fiscal distress. The LCOE is required to incorporate this information into our analysis of budgets, interim reports, and the District's overall financial condition.

OTHER ISSUES - The LCOE continues to recommend that districts review all proposed expenditures and carefully review staffing needs.

CONCLUSION - Based on our review, the First Interim Report is approved as submitted. We commend the Janesville Union School District Board, Superintendent, and CBO for their commitment to sound fiscal practices.

BUDGET OVERVIEW FOR PARENTS - In addition to reviewing and approving the First Interim Report, this year the LCOE is also responsible for reviewing and approving the Budget Overview for Parents (BOP). We have completed the review of your BOP in conjunction with the Learning Continuity and Attendance Plan and First Interim. Thank you for working with our office to clarify and make changes as needed for approval.

If we can be of any assistance, please let us know.

Sincerely,

Patricia A. Gunderson
County Superintendent of Schools

PURPOSE

The purpose of the Emergency Operations Plan (EOP) is to establish comprehensive written guidelines for District employees, students, parents and community members to follow in response to emergency situations involving the Janesville Union Elementary School District. Through its Emergency Operations plan, the District's ultimate goal is the protection and preservation of life and property respectively. The EOP shall be developed and managed by the Superintendent/Principal. The Superintendent/Principal shall be assisted by the Janesville School Site Council. Final approval of the EOP shall rest with the Janesville Union Elementary School District Board of Trustees.

SCOPE

The Emergency Operations Plan (EOP) includes procedures, timelines, and persons responsible for maintaining and revising the EOP, emergency management plans, response plans for specific types of emergency situations, and maps for evacuation routes and utility shutoffs.

SITUATION OVERVIEW

Janesville Union Elementary School District is a single Transitional Kindergarten through 8th grade school located in several buildings spread out on a single campus in a rural location approximately ten miles away from Susanville, California, the nearest community of any size. The campus is surrounded on all sides by pine forest, much of it with dense canopy. Janesville is served by a local volunteer fire department with emergency medical first responders available within five to fifteen minutes. Law enforcement from the Lassen County Sheriff's department and the California Highway Patrol regularly patrol the area and are able to respond within five to fifteen minutes. Law enforcement and fire protection can be augmented by personnel from local, state, and federal entities in the general area including CalFire, US Forest Service, Susanville Police Department, and Susanville Fire Department.

ASSUMPTIONS

School personnel are usually first on the scene of an incident in a school setting. Staff members are expected to take charge and manage the incident until it is resolved or command is transferred to someone more qualified and/or to an emergency responder agency with legal authority to assume responsibility. Staff will seek guidance and direction from local officials and seek technical assistance from state and federal agencies where appropriate.

The Superintendent/Principal or his/her designee (eg. Teacher-in-Charge in the Superintendent/Principal's absence) shall have the authority and responsibility to activate the EOP.

This plan is based upon the concept that the incident management functions that must be performed by the school generally parallel some of their routine day-to-day functions. To the extent possible, the same personnel and material resources used for day-to-day activities will be employed during incidents. Because personnel and equipment resources are limited, some routine functions that do not contribute directly to the incident may be suspended. The personnel, equipment, and supplies that would typically be required for those routine functions will be directed to accomplish assigned incident management tasks.

Annual Activities

- Director of Maintenance conducts hazard assessment each fall and reports to the Superintendent
- Nurse checks all satellite first aid kits and replaces any needed items
- School Secretary updates student contact/crisis response binders
- Annual EOP workshop with entire staff to discuss responsibilities
- Students trained within 30 days of beginning of school
- Monthly fire evacuation drills
- Annual earthquake and lockdown drills
- Annual review of EOP by Site Council
- Annual adoption of EOP by Board
- Updated copies of the plan are posted to school website

Janesville Union School District Emergency Operations Plan

I. EMERGENCY PREPAREDNESS

Hazard Assessment: At the beginning of each new school year the District's Director of Maintenance and Operations will conduct a thorough inspection of the campus and identify all real or potential hazards that could impact response to those types of emergency situations identified in the Emergency Operations Plan. A proper hazard assessment should include a review of the locations where hazardous chemicals are stored, the locations of gas storage tanks and primary valves, the location of major electrical panels, the location of overhead power lines, and, finally, employee practices relative to overhead storage and placement of furniture in the classroom or office. The Hazard Assessment shall also note any changes in the locations of fire suppression equipment.

Following completion of the inspection, the Director of Maintenance and Operations shall report his/her findings to the Superintendent/Principal along with recommendations for mitigating hazards or amending the Emergency Operations Plan to incorporate new found hazards(s) into response plans. The Director of Maintenance and Operations responsibilities shall also include reviewing existing emergency evacuation plans as well as the locations for evacuee staging areas. The Director of Maintenance and Operations' report shall detail the integrity of those plans.

Copies of The Janesville Emergency Operations Plan shall be forwarded to all applicable agencies. Additional copies may be distributed to other emergency response agencies upon their request.

First Aid Supply Stations/Kits: To enhance the immediate availability of first aid supplies to all locations at the school campus, satellite first aid kits shall be strategically located in designated areas of the campus. First aid kits will be located in areas that permit immediate access to school employees in containers that readily identify the contents as emergency first aid equipment. The school nurse shall be responsible for checking first aid kits on a regular basis to ensure that the kit is intact. The school nurse shall open, inspect and re-stock each first aid kit prior to the start of each new school year. Once re-stocked, the kit will be returned to its designated location.

Tools and Equipment: This category focuses on the tools and equipment required to **Access and Control** various electrical panels, engineering controls and gas valves.

- Accessibility of these tools at the access site is monitored by the Director of Maintenance and Operations, on an annual basis.

Emergency Plot Plans: Emergency plot plans shall be developed and maintained to include:

1. School floor plans.
2. General evacuation routes for each room and building. (Head of Maintenance/Principal)
3. Location of each fire extinguisher/hose. (Head of Maintenance/Principal)
4. Location of each gas shut-off valve for each building. (Head of Maintenance/Principal)

5. Location of each electric shut-off switch for each building. (Head of Maintenance/Principal)
6. Location of water shut-off valves. (Head of Maintenance/Principal)

Evacuation Routes and Staging Areas: Each classroom shall have an established primary and secondary evacuation route along with a primary and secondary staging area. An evacuation map that illustrates the primary and secondary evacuation route from each respective classroom and the building it occupies shall be posted near the exit(s) of each classroom. A general description of the route to be taken from each classroom to the primary and secondary staging areas shall accompany the evacuation map.

Staff Training Provisions: All District employees shall attend an Emergency Operations Plan Workshop at the beginning each new school year. The workshop shall include a review of the general elements of the Emergency Operations Plan along with an opportunity for employees to discuss their individual responsibilities. New employees shall be afforded the same training provided in the Emergency Operations Plan Workshop at the time their employment begins. Each Crisis Response Team member will understand the principles of the SEMS (Standardized Emergency Management System) and how SEMS works. Each Crisis Response Team member will be trained to know their duties in the event of a crisis and have a list of staff members who may be able to assist them in their emergency functions.

Student Training Provisions: Students shall receive their orientation to the school's Emergency Operations Plan from their respective, "Home Room" teacher. Within the first 30 calendar days of each new school year, home room teachers shall provide Emergency Operations Plan orientation to their students, ensuring that the below listed points are covered:

1. Description of primary evacuation routes.
2. Location of primary staging areas.
3. Description of student behavioral expectations for emergencies and drills.
4. Description of actions students can implement when they are faced with emergencies.

Fire Evacuation Drills: Fire evacuation drills shall be conducted on a monthly basis, at the direction of the Superintendent/Principal. When adverse weather conditions persist so as to reasonably prevent the evacuation of students to outside areas, the Superintendent/Principal may direct teachers to conduct "Table Top" fire drills. A "Table Top" fire drill is defined as classroom discussion of what to do in a fire emergency.

Community Orientation to Emergency Operations Plan:

The Janesville School Site Council shall review all elements of the Emergency Operations Plan during a regularly scheduled meeting once a year, thereby affording parental orientation to the plan along with an opportunity for interested parents to have input in the plan.

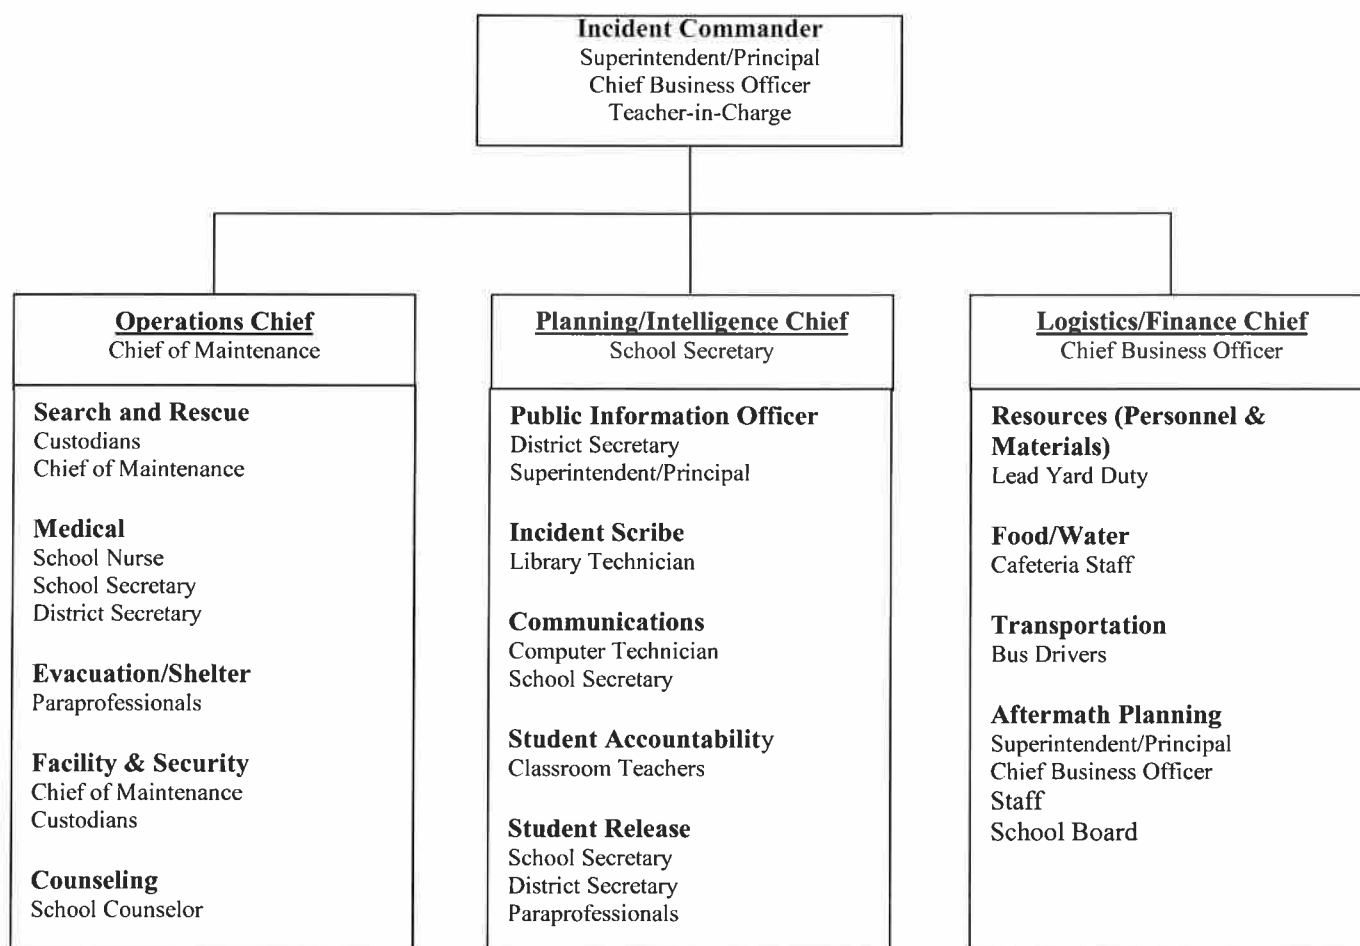

Use of School Facilities and/or Grounds:

If needed in an emergency situation, public agencies, including the American Red Cross, law enforcement, firefighting agencies, and medical responders, may coordinate with the Superintendent/Principal or designee for any use of the school's facilities and/or grounds to respond to the emergency situation.

Emergency Incident Command System and Crisis Response Team
Emergency Management Flow Chart

When it is projected that the magnitude of a given emergency situation may overwhelm the management capabilities of the normal organizational structure of the District, the Superintendent/Principal or designee may implement the Emergency Operations Plan's Emergency Incident Command System. The Emergency Incident Command System shall normally operate under the organizational structure illustrated in the diagram below however; the Incident Commander has the authority to modify the school's incident command structure to suit the unique needs of a given incident. When it occurs that overall incident command is assumed by the public agency having the jurisdictional responsibility for such emergencies, the Superintendent/Principal shall normally assume a liaison role within that agencies incident command structure and offer to incorporate the school's organizational structure into the overall incident command system.

In the organization chart below, the primary person responsible is listed first, with other persons listed as assistants and/or backups in case of absence or incapacitation.

Job Descriptions:

Incident Commander (IC) - Responsible for overall policy and coordination. The IC coordinates all response activities through the Section Chiefs. The IC monitors incident safety conditions and develops measures for ensuring the safety of building occupants (including students, staff, volunteers, and responders). The IC serves as the primary on-scene contact for outside agencies assigned to an incident, and assist in accessing services when the need arises. The IC does not leave the Incident Command Center without delegating someone to take over.

Operations Chief – This person is responsible for coordinating actual emergency responses. The Operations Chief determines the need for resources and communicates needs to the IC. The Operations Chief ensures the IC receives situational reports throughout the incident.

Planning/Intelligence Chief – This person is responsible for collecting, evaluating, and disseminating information; maintaining documentation, and evaluating incoming information.

Logistics/Finance Chief – This person is responsible for providing facilities, services, personnel, equipment, and materials needed for the response efforts. This person is also responsible for financial activities such as establishing contracts with vendors, keeping pay records, accounting for expenditures, and handling any injury claims.

Search and Rescue - Teams of two or more persons are responsible for searching the entire school facility, entering only after they have checked the outside for signs of structural damage and determined that it is safe to enter. Search & Rescue Teams are responsible for ensuring that all students and staff evacuate the building (or, if it is unsafe to move the persons, that their locations are documented so that professional responders can locate them easily and extricate them). Search and Rescue Teams are also responsible for: Identifying and marking unsafe areas; Conducting initial damage assessment; Obtaining injury and missing student reports from teachers.

Medical - Responsible to establish medical triage with staff trained in first aid and CPR, provide and oversee care given to injured persons, distribute supplies, and request additional supplies from the Logistics Section. This person maintains and provides casualty reports to the Operations Chief.

Evacuation/Shelter - Evacuation, shelter, and student care in an incident are among the most important tasks faced by schools. These tasks include student accounting, protection from weather, providing for sanitation needs, and providing for food and water. The Evacuation/Shelter/Care Team is responsible for: Accounting for the whereabouts of all students, staff, and volunteers; Setting up a secure assembly area; Managing sheltering and sanitation operations; Managing student feeding and hydration; Coordinating with the Student Release Team; Coordinating with the Logistics Section to secure the needed space and supplies.

Facility & Security - Responsible for: Locating all utilities and turning them off, if necessary; Securing and isolating fire/HazMat; Assessing and notifying officials of fire/HazMat; Conducting perimeter control.

Counseling - Responsible for: Assessing need for onsite mental health support; Determining need for outside agency assistance; Providing onsite intervention/counseling; Monitoring well-being of school Incident Management Team, staff, and students, and reporting all findings to the Operations Section Chief.

Student Release - Responsible for getting students reunited with their parents or guardians in an efficient and orderly manner. Reunification can be an enormous challenge and takes a lot of planning. The Student Release Team is responsible for: Setting up secure reunion area; Checking student emergency cards for authorized releases; Completing release logs; Coordinating with the Public Information Officer on external messages.

Public Information Officer - The point of contact for the media regarding the emergency. Under the direction of the IC, prepares press releases to provide necessary information to the media.

Incident Scribe - Maintains an accurate written, photographic, and/or video record of the incident for future investigations, legal proceedings, and insurance purposes. The Incident Scribe will usually be in close proximity to the IC. Responsible for collecting reports generated by the various groups and sent to the IC.

Communication - Maintains outside and internal communication links including telephones, internet, and walkie-talkies.

Student Accountability - Maintains accurate record of students present in the class; Supervises students and keeps them orderly.

Resources (Personnel & Materials) - The point of contact for other teams needing extra assistance, supplies, and/or equipment.

Food/Water - Responsible for obtaining and providing food and water for students and personnel.

Transportation – Responsible for transporting students and personnel to the evacuation center designated by the IC.

Lines of Succession

In the event of a crisis, the Janesville Union School District Superintendent/Principal will be the Primary Incident Commander and will take control of the situation. If the Superintendent/Principal is not available, his/her 1st alternate will take command. If the 1st Alternate is not available, the 2nd alternate will become Incident Commander. The same holds for each of the management positions.

Phases of Emergency Management

Preparedness

Janesville Elementary School has striven to be as prepared as possible in the event of a crisis. The Plan incorporates the principles of the Standardized Emergency Management System (SEMS). All staff is aware of everyone's roles and responsibilities under the plan. The staff has been trained to perform their responsibilities during an emergency. All of the school staff is aware that they may be assigned as Disaster Service Workers if a local, regional, or state emergency is declared.

Emergency Response

Each Crisis Response Team member understands the principles of SEMS and how SEMS works. Each Crisis Response Team member knows their duties in the event of a crisis and has a list of staff members who may be able to assist them in their emergency functions.

Recovery – District Level Responsibilities that have been established:

- Identify record keeping requirements and sources of financial aid for disaster relief.
- Establish absentee policies for teachers and students after a disaster.
- Establish alternative teaching methods for students unable to return immediately to classes.
- Develop a plan to conduct classes if some of the facilities have been damaged: half-day sessions, alternative sites, portable classrooms.

Emergency Response Plan - FIRE, SCHOOL STRUCTURE

Signal

School Alarm; Verbal Warnings; Visual Sighting of smoke or fire.

Emergency Response:

Teacher

1. Direct students to stand and evacuate the classroom in a single file line. Direct students to proceed to the designated staging area that you want them to go to and to use the designated evacuation route that you want them to use.
2. As students evacuate, close all room windows and non-exit doors. Bring your class roster with you.
3. Before departing the room yourself, ensure that all students have departed the room. Latch the exit door on your way out.
- A. **If morning roll has been taken...** follow your students to the staging area and immediately conduct a roll call upon your arrival there. Use the red-green card system.
- B. **If morning roll has not been taken...**
 - Clear classroom of all students.
 - Turn off lights and close classroom door.
 - Escort students to field staging area and take roll green card/red card.
 - Report absent students to administrator or designee.
4. At staging area - report any missing students to SUPERINTENDENT/PRINCIPAL (via staff runner if necessary). Keep students together and follow further instructions from SUPERINTENDENT/PRINCIPAL. Conduct informal student head count every 15 minutes. Report any injuries, illness, etc. to SUPERINTENDENT/PRINCIPAL via authorized runner.

If any member of the class is physically incapable of proceeding to the field staging area, school staff will escort that person to an alternate safe area.
5. Do not permit any re-entry into a building without express permission from SUPERINTENDENT/PRINCIPAL. Return to classroom only after the, "All Clear" has been given.

Superintendent/Principal

1. Activate 911 to notify the Fire Department (FD) of incident. Activate school alarm to be sounded, if needed.
2. Direct custodians to shut off gas and electricity to effected building(s) as soon as possible IF - it is safe for them to do so AND IF - they have the knowledge and training to competently complete the assignment.
3. Direct custodians to return to your location so that responding Fire Department personnel can be advised of the status of the utilities.
4. Assist the Fire Department upon their arrival. Provide the Fire Department Incident Commander (IC) with the status of utilities. Advise Fire Department IC (Incident Commander) of any unaccounted-for students or staff. Advise Fire Department IC of any injuries. Advise Fire Department IC of any hazardous materials stored in the incident area.
5. Receive roll call results from teachers. Advise Fire Department IC of roll call results. Conduct a staff, VIP, and/or other campus visitor roll call (School Secretary) and report results to Fire Department IC.
6. If appropriate, activate school's Incident Command System.
7. Determine course of action relative to the disposition of students, i.e.: Evacuation plan, emergency school closure plan; Return to normal activities; Return to normal activities with modifications; Continue existing status; Proceed with a plan for extended staging of students.
8. Coordinate a press release with Fire Department IC. Press Release should include type of incident, a brief description of staff or student injuries, the disposition of students, and the "near future" projection for school activities. Note that the Fire Department IC will normally manage on-site press. Anticipate, however, that your input and assistance will probably be requested.
9. Notify and advise District Trustees of situation.

Custodial Staff

1. Shut off all utilities to incident structure and other structures that appear threatened.
2. Report to SUPERINTENDENT/PRINCIPAL as soon as possible after completing above and inform the SUPERINTENDENT/PRINCIPAL if the above was completed. Remain with SUPERINTENDENT/PRINCIPAL until otherwise directed.

All Other Staff/Volunteers

1. Return all students in your care to their respective classes at the class' respective staging site. Insure that the student/s are returned to their teacher and that their teacher acknowledges receipt of the student.
2. Assign yourself to a lone teacher or report to the SUPERINTENDENT/PRINCIPAL.

**Emergency Operations Plan
Appendix - B2**

Response Plan - "FIRE, APPROACHING/THREATENING WILD LAND"

Signal

Notification of an approaching wild land fire that is threatening to the school will **normally be conducted by the Sheriff's Department or fire service personnel**. In the event that no notification is made but staff/parents grow concerned about a nearby wild land fire, the SUPERINTENDENT/PRINCIPAL may contact the Janesville Fire District at 253-3737, the Fire Dispatch Center at 257-5575, or the Lassen County Sheriff's Dispatch at 257-6121

**Response Plan
Teacher**

1. Until directed to act by the SUPERINTENDENT/PRINCIPAL, you may consider closing classroom windows to reduce drifting smoke from entering room.
2. Keep students calm and begin outlining what they are to do in the event that the SUPERINTENDENT/PRINCIPAL calls for an evacuation. Emphasize behavior expectations.
3. In the event that the SUPERINTENDENT/PRINCIPAL calls for an evacuation, follow directions given. Note that evacuation resulting from approaching wild land fires normally requires evacuation to an off-campus location. Stay attentive to directions, writing them down if possible.
4. Take a roll call of your class before leaving the campus and report any absent students to the SUPERINTENDENT/PRINCIPAL. Bring your attendance roster. If the fire is identified by school personnel or a student to be an immediate threat to the campus the Superintendent/Principal will be notified. He/she will then determine the evacuation procedure to follow (ON CAMPUS/OFF CAMPUS). Continue to take periodic head counts of students, especially if you are required to evacuate the campus.

If any member of the class is physically incapable of proceeding to the evacuation area on foot, school staff will escort that person to a school bus or other means of transportation such as small vehicle.

5. Once you arrive at the staging area, conduct a second roll call. Report any discrepancies to the SUPERINTENDENT/PRINCIPAL. Keep your class together and conduct periodic head counts. Wait for further instructions.

If any member of the class is physically incapable of proceeding to the staging area, school staff will escort that person to an alternate safe area.

6. If a fire alarm sounds prior to morning roll the following procedures will be abided by:
 - Clear classroom of all students; place a green placard in an outwardly exposed window.
 - Turn off lights and leave the classroom door unlocked.
 - Escort students to soccer field staging area and take roll green card/red card.
 - Report absent students to administrator or designee.

Response Plan Superintendent/Principal

1. You may receive a “Standby to Evacuate” notice from local fire or law enforcement authorities. Generally, this lets you know that evacuation may be necessary. In receiving this pre-notice, immediately restrict all non-essential use of the school’s outside telephone line, activate the school’s cellular telephone line and provide the notifying agency with both telephone numbers. Assign a staff member to man the school’s telephone. Notify the transportation department at Lassen High School to provide drivers and at least SIX buses on site. Notify all staff quietly to prepare for evacuation. Activate the Incident Command System.
 - a. If the fire is before the morning roll call has been taken but while students are on campus, administration will follow these additional procedures:
 - i. Instruct a runner/s to go to bus/car unloading zones and ensure that students are in a safe zone... by either walking them to the staging area, if that is the safest location or by staying on the bus until a determination is made to evacuate or stay on site.
 - ii. Corridors, bathrooms, band-rooms, cafeteria, library and all other rooms not occupied by a teacher will be searched by designated staff members... Custodians, maintenance staff, secretaries, designee, etc.
2. A “Standby to Evacuate” notice will automatically result in TWO fire engines being assigned to the school site. The first engine to arrive on site will be the point of contact for the school district IC.
 - a. Shelter on Site: If the local fire authorities recommend/order sheltering on site on the upper playground staging area, all students and staff will proceed to their assigned areas for roll call. Both fire engines will take positions to best protect the staging area from the effects of the fire.
 - i. The point of contact may issue further directions depending on conditions. This may include proceeding to the gym to shelter or prepare to evacuate.
 - ii. Members of the community may also be taking shelter on the upper playground area. They will be directed to remain on upper grass area near the backstop. Students shall remain with their classes in the lower grass assembly area.

- b. Evacuate Off Site: If the local fire authorities recommend/order evacuating off site, teachers and staff will lead their students to the gym parking lot to begin loading buses.

If you are directed to evacuate the campus, you will be provided with specific details on how you are to evacuate and where you will evacuate to. If the school is to evacuate to Honey Lake Valley Assembly it will be via buses. If not already done, contact Lassen High School Transportation Department to arrange for buses and drivers for SIX buses on site.

3. Evacuation Procedures: Notify teachers of the need to evacuate the campus. Normally, teachers will be directed to bring their classes to a bus loading area at the gym parking lot; they are to keep their students standing in single file lines by class. Teachers will conduct roll calls of their classes before loading buses. Every student in a class will load together. See the Bus Evacuation Map (Appendix E1) at the end of the document for bus assignments.
4. All personnel will use their own cellular device in emergency. Keep the cellular telephone with you at all times. Prior to leaving the campus yourself, ensure that a final search of the campus has been conducted and that all students and staff are accounted for. As soon as 100% evacuation has been completed, notify the appropriate agency.
5. Join your school at the staging area and determine disposition of the students, i.e.: Remain status quo; Return to the school; activate the Emergency School Closure Plan from the staging area (Coordinate with Fire Department IC). If there is to be an Emergency School Closure, activate the Dismissal from Off-site Area plan.
6. Use the SchoolWise “All Call” system to contact parents to notify them of the status of the situation and where they can pick up their student(s).
7. Contact District Trustees and provide situation update.

Custodial Staff

1. Report to Chief of Maintenance and Operations, Superintendent/Principal, or Business Manager if ICS has been activated.
2. If time permits during a wild land fire evacuation, shut off all school utilities, conduct a room-to-room inspection, closing all windows and doors. Remember not to lock doors as to do so restricts access to responding firefighters. If plenty of time is available, consider removing any flashy fuels, i.e.: Paper products, curtains from windows.
3. Assist the SUPERINTENDENT/PRINCIPAL in ensuring that all students and staff have left the campus. Once this has been completed, evacuate the campus as directed.
4. Place First Aid kits in a vehicle to be transported to the evacuation site.

Secretarial Staff

1. Ensure class lists and volunteer/sub/LCOE personnel lists are transported to the evacuation site.
2. Ensure First Aid kits are transported to the evacuation site.
3. If time permits, ensure student medications are transported to the evacuation site.

All Other Staff/Volunteers

1. Return any students to their respective classes.
2. Assign yourself to any lone teacher. If all teachers have one assistant, report to the SUPERINTENDENT/PRINCIPAL for assignment. Know that upon activation of the school's ICS, you may be reassigned to a different job. Follow instructions from your assigned teacher.

Emergency Operations Plan Appendix - B3

Emergency Response Plan, SNOWSTORM WITH BLIZZARD CONDITIONS

Signal

Visually observing blizzard like conditions; Notification by Lassen High School Transportation Department, California Highway Patrol, Lassen County Sheriff, fire service agencies or other authority.

Response Plan

Teacher

1. Return all students to their respective classrooms/homeroom and take roll call. Notify Superintendent/Principal of any unaccounted-for students.
2. Retain all students inside building until otherwise advised.

Superintendent/Principal

1. Direct teachers to restrict student movement to inside their respective classrooms/buildings. A school-wide roll call will be verified. Unaccounted for students will be searched for by designated/available staff and authorities will be notified.
2. Monitor conditions to determine whether or not students who walk home can do so safely. The California Highway Patrol will provide guidance on the use of school buses. As conditions warrant, you may need to activate a modified emergency school closure plan, impacting some or all of the students.
3. If power outages occur, you may consider moving students into general assembly area(s) with their teachers. Such a move takes better advantage of portable lights, heaters and other supplies, and enables you to consolidate your staff.
4. If it appears that weather conditions may require housing students at the school for a prolonged period of time, you may consider contacting Janesville Fire Department for extra portable lights and heaters. It may also be suggested that you contact the Susanville Office of Emergency Services through the Sheriff's dispatch. O.E.S. may be able to direct needed supplies, transportation, communication devices, etc., to the school.
5. Notify the District Trustees and provide situation update.
6. Consider notification of local media to maintain current and accurate information about conditions and processes procedures, phone tree, recall list, website, etc.

All Other Staff/Volunteers

1. Assist teachers as necessary and until otherwise directed.

**Emergency Operations Plan
Appendix - B4**

Emergency Response Plan - EXPLOSION OR THREAT OF EXPLOSION

Propane is the most possible threat for natural explosion at Janesville school. Training includes recognition of propane odors.

If propane gas smell is present:

1. NO FLAMES OR SPARKS! Do not operate lights, appliances, telephones, or cell phones. Flames or sparks from these sources can trigger an explosion or fire.
2. LEAVE THE AREA IMMEDIATELY! Get everyone out of the building or area where you suspect gas is leaking.
3. SHUT OFF THE GAS. Turn off the main gas supply valve(s) on the propane tank(s) if it is safe to do so. To close the valve, turn it to the right (clockwise).
4. REPORT THE LEAK. From a nearby building away from the gas leak, call the propane retailer right away. If the retailer cannot be reached, call 911.
5. DO NOT RETURN TO THE BUILDING OR AREA until the propane retailer, emergency responder, or qualified service technician determines that it is safe to do so.
6. GET THE SYSTEM CHECKED. Before attempting to use any propane appliances, the propane retailer must determine that the system is leak-free.

If there is a smell of gas:

1. Inform the maintenance staff
2. Call Gas Company (Business Manager)
3. Call 911

If an explosion occurs, or an imminent threat of explosion exists, direct all students to stop, drop to the floor/ground (if outside), cover their heads with their arms and turn their backs to any windows. Students near windows should be directed to move away from the windows at a crawl.

Following an explosion, activate the appropriate emergency response plan, i.e.: Fire Evacuation Plan, Mass Casualty Plan, Bomb Threat Plan, etc

Note that the location of the explosion's origin may indicate use of secondary evacuation routes and/or staging areas.

**Emergency Operations Plan
Appendix - B5**

Emergency Response Plan - DOWNED AIRCRAFT

The presence of fire, explosions, and/or casualties will dictate which emergency response plan(s) to activate.

When in the proximity of a downed civilian aircraft, keeping a distance of approximately 300 yards is in order as the primary danger is from fire and explosion.

When in the proximity of a downed military aircraft, move all evacuees away from front and rear angles to the aircraft and attempt to achieve a 1000 to 2500-yard (3/5 mile – 1 ½ mile) distance from the craft. Military craft have the additional threat of carrying ordinance and other hazardous materials. Never attempt to extract a pilot from the cockpit of a downed military fixed wing aircraft.

Superintendent/Principal: Ensure that 911 dispatch is notified and activate the appropriate emergency response evacuation plan.

**Emergency Operations Plan
Appendix – B6**

Emergency Response Plan - SEVERE WINDSTORM OR LIGHTNING STORM

Observation of weather conditions as they occur; Emergency weather alert from local radio station.

Emergency Response

Teacher

1. If advance warning permits, close all windows and window coverings. In case of lightning, unplug all electrical appliances (by the plug not the cord) and do not use phones.
2. Direct students to the leeward (away from wind) side of the building, but away from windows. In the case of a lightning storm, direct the students to a point as far away from the windows as possible.
3. During a windstorm, have students sit on the floor facing away from windows and preferably towards a wall.
4. Await further instructions from the SUPERINTENDENT/PRINCIPAL.

Superintendent/Principal

1. Direct teachers to initiate the emergency response plan for windstorms or lightning.
2. Ensure all staff has unplugged all electrical appliances.
3. During lightning storms, telephones should not be used.
4. Monitor weather conditions and return to the normal programming when appropriate to do so.

All Other Staff/Volunteers

1. Assist teachers as necessary and until otherwise directed.

Emergency Operations Plan Appendix - B7

Emergency Response Plan - HAZARDOUS MATERIALS SPILLS

Signal

The existence of a hazardous material spill threatening the school will normally be communicated to the school by law enforcement or fire service officials. Any Hazmat or potential Hazmat situations shall be reported to school administration who shall notify 9-1-1.

Emergency Response

Having been informed of a threatening condition, the SUPERINTENDENT/PRINCIPAL will activate the appropriate Emergency Response Plan, i.e.: Wild land Fire Plan for off-campus evacuation; Structure Fire Plan for normal evacuation and staging; Mass Casualty Plan.

Whichever plan is activated, the general points to consider when in proximity to a hazardous material incident include:

1. Remain upwind of a spill and traverse sideways from the spill to gain the upwind advantage.
2. Remain uphill from the spill.
3. Avoid depressions in the ground that could collect gases.
4. Any and all suspected exposures to hazardous/unidentified materials must be reported to the Superintendent/Principal and EMS providers.

**Emergency Operations Plan
Appendix - B8**

Emergency Response Plan - CIVIL DISORDER

The observation of unauthorized gatherings of students/others on or immediately adjacent to school property; Notice in advance through informed sources.

Emergency Response

Teacher

1. Direct uninvolved students back to their respective classrooms.
2. Conduct a roll call and document unaccounted for students.
3. Follow instructions for Lockdown or Shelter-In-Place as you determine or as directed by School Principal/Superintendent.
4. Forward any pertinent information about the disturbance to the SUPERINTENDENT - PRINCIPAL in the safest possible manner.

Superintendent/Principal

1. Ensure that the Sheriff has been notified of the situation.
2. Direct teachers to assemble their classes in their respective classrooms and take roll call and report missing students to office staff.
3. In the event that the disturbance progresses to a riotous level and circumstances require the evacuation of students from certain buildings or the campus, school staff/adult volunteers should endeavor to shield the evacuating students from the rioters.
4. If a group disturbance is becoming aggressive towards students, staff, or property, a staff member should be directed to remain on the telephone with 9-1-1 to provide for constant status reports to same. Any additional staff members should be directed to record as many of the involved individual's names as possible. Without endangering staff or students determine if pictures or a video tape can be made.

All Other Staff /Volunteers

1. Assist teachers in assembling their students.
2. Assist the Superintendent/Principal as directed.

**Emergency Operations Plan
Appendix - B9**

Emergency Response Plan - EARTHQUAKES

Source

The onset of an earthquake of any magnitude.

Emergency Response

Teacher

1. Direct students to drop to floor and duck under their desk to protect their heads. If possible, students near windows should be directed to move towards the center of the room.
2. Initiate appropriate Emergency Response Plan following tremors, i.e.: Structure Fire Evacuation Plan; Mass Casualty Plan.
3. Follow directions from the Superintendent/Principal. Advise students about potential aftershocks.

Superintendent/Principal

1. Direct all staff and students to duck and cover during the quake.
2. Immediately following quake, ascertain whether an evacuation is warranted. When in doubt, evacuate and ensure that staff and students stage in a clear, open area, away from power lines and other related hazards.
3. Direct custodial staff to shut off utilities.
4. Notify the appropriate emergency agencies as warranted.

Emergency Operations Plan Appendix -B10

Emergency Response Plan - BOMB THREAT

Source

Anonymous telephone callers are the most common; Letters; Communication with various media sources; Communication with law enforcement agencies;

Emergency Response

Teacher

1. Following notification of a bomb threat, teachers will receive directions to evacuate. Unless otherwise directed, evacuation routes and staging areas shall be as described for fire evacuations.
2. If at all possible, have students bring their coats, jackets and lunches with them as they evacuate. Staff should also bring any items that they brought to work that day, including purses, lunches, brief cases, etc. Note that these efforts can reduce the number of parcels and articles that bomb search teams will ultimately need to inspect.
3. If circumstances permit, instruct students and staff aids to be aware of any unusual parcels, boxes, bags, brief cases, etc., along their evacuation route. One example to look for would be a box or brief case left in a corridor. Instruct students coming across such suspicious materials to advise you and avoid the suspicious item. This may include changing the evacuation route to your secondary route.
4. Never tamper with or examine suspicious materials and report their existence to the Superintendent/Principal as soon as possible.
5. Once at your staging site, conduct a roll call and report the results to the Superintendent/Principal via staff runner. Remain at the staging areas until otherwise advised by the Superintendent/Principal.

Superintendent/Principal

1. Initiate an evacuation of the school using standard fire evacuation and staging procedures.
2. Ensure that 911 dispatch has been notified and that all appropriate agencies are responding.
3. Initiate a school wide ban on the use of all radios, including citizen band and AM/FM, cell-phones, etc.
4. Receive roll call results from all classes to confirm that a complete evacuation has been performed.

5. Interview the person who took the phone call. Direct a staff member to assemble a list of students absent from the campus, including both excused and unexcused absences. Note that such a roster can be a tool for responding law enforcement to consider. Note also that law enforcement will want to interview the call recipient.
6. Return to normal operations only after law enforcement personnel so authorize it.

Person Receiving Threat

1. Keep the caller on the line as long as you can.
2. Get as much information from the caller as you can. Ask specific questions of the caller, such as - Where the bomb is located, what time is the bomb scheduled to detonate, why has the bomb been placed in the school, what kind of bomb is it and what does it look like.
3. Note the following, if possible:
 - A) Sex of the caller
 - B) Age of caller
 - C) Voice characteristics (accent, peculiar speech)
 - D) Exact time call was received
 - E) Background noises on telephone (music, motors, traffic)
4. Write down as much or all of the above information as time permits. Be prepared to give a briefing on the call to the Superintendent/Principal and responding law enforcement officials.

All Other Staff/Volunteers

1. Assist with the evacuation and staging process. Remain staged with teachers until otherwise assigned.

Emergency Operations Plan Appendix - B11

Emergency Response Plan - INTRUDER ALERT

Source

Any staff member may call an intruder alert from any phone in the school by using the “page” all-call feature (extension 4599). The school’s initial response shall be Lockdown (See Appendix C2), then, as directed by law enforcement and/or school administration, the school may be placed into Shelter in Place (See Appendix C1) or maintained in Lockdown (See Appendix C2) mode. Either mode shall be a “no one in, no one out” scenario. All exterior doors shall be locked, and students and staff are to remain in the classrooms or other designated locations.

Emergency Response

Teacher

1. See Appendix C1 (Shelter in Place) or Appendix C2 (Lockdown) for appropriate actions.

Superintendent/Principal

1. See Appendix C1 (Shelter in Place) or Appendix C2 (Lockdown) for appropriate actions.
2. Alert all staff.
3. Confronting the intruder is a judgment call on your part. Use of other staff members is also a judgment call on your part.

All Other Staff/Volunteers

1. See Appendix C1 (Shelter in Place) or Appendix C2 (Lockdown) for appropriate actions.

Emergency Operations Plan Appendix - B12

Emergency Response Plan - MASS CASUALTY INCIDENTS

Source

Any incident that generates more than two moderate to serious injuries to persons on the school campus will be considered mass casualty.

Emergency Response

Teacher

1. Each teacher's primary responsibility is the students under their charge. Therefore, the circumstances surrounding a mass casualty incident must be considered on an individual basis. Points to consider include:
 - Personal Safety
 - Student Safety
 - The need to provide medical care
2. Account for your students. This may require evacuation and staging first or returning your students to their respective classrooms. Generally, the rule of thumb will be to get your uninvolved students to safety and account for them first.
3. With your uninvolved students' safe, consolidate staff resources and free up medical aid providers to respond to the casualty area. Don't forget to deploy your Satellite First Aid Kit.
4. Provide first aid as appropriate. Remember your personal protective equipment.

Superintendent/Principal

1. Generally, a mass casualty incident will be the result of one of the other emergency situations listed in the Emergency Operations Plan, therefore, you will need to activate the appropriate response plan in addition to the Mass Casualty Plan, i.e.: Evacuations, Utility Shut-off, etc. **Remember, you can't begin to provide medical aid until you mitigate unsafe conditions first.**
2. Insure that 911 has been contacted. Important information to include in the call is:
 - What caused the incident and is it safe to enter the area.
 - How many injuries, grouped by critical, moderate, minor.
 - Best access to incident area.
 - Safety issues responders should be aware of, i.e.: Downed power lines, armed assailants, chemical hazards, etc.

3. Normally the Fire Department would be the first EMS providers to arrive on scene and they will begin the triage process. School nursing staff at this point may be better used in an administrative capacity, tracking students being transported to various facilities and providing medical background documents where appropriate to do so.
4. Receive roll call reports from teachers and insure that all students are accounted for. Activate Emergency School Closure plan where appropriate. Remember, it is never too early to activate the school's Crisis Recovery Plan.
5. Coordinate with responding agencies the notification of next of kin for injured students and/or staff.

All Other Staff/Volunteers

1. Assist teachers in assembling and accounting for their students.
2. Either become a medical aid provider or relieve another staff member who can be an aid provider. Assist in maintaining accountability of students.

**Emergency Operations Plan
Appendix - B13**

Emergency Response Plan – MASS ILLNESS/INFECTION IN THE SCHOOL INCIDENTS

Source

An unusual number of students (outbreak) are noticeably becoming ill within an unusually short period of time. Some examples of the source of illness might be food born, toxin or exposure to a chemical or environmental spill or exposure to bacterial or viral infection.

Emergency Response

Bacterial/Viral

Teacher/Office Staff/Attendance Secretary:

1. Staff members who become aware of an unusual rate of illness will immediately report their observations to the school administrator and/or school nurse.
2. In critical situations, if possible, transfer student to the nurses/administrator's office. Isolate the sick child/children from other students and staff. The means of transmission of the biological agent may be unknown initially. It could be airborne or transmitted through direct contact.
 - a. Points to consider:
 - i. Hand washing and disinfecting/custodian contact (follow universal precautions)
 - ii. Avoid possible source of exposure (stay away from it)
 - iii. Remove students from possible contact to exposure if necessary

Toxin/chemical:

1. Remove students from possible contact to exposure
2. With each immediate first exposure the school employee as listed above will call or send runner to office to report and ask for help.
3. Report the observations to the school administrator and or school nurse.
4. Science rooms follow appropriate toxin/chemical protocols.
 - a. Initiate immediate first aid procedures as required/recommended by chemical label.

Superintendent Principal:

- 1 Call 911 and request ambulance if deemed necessary
- 2 Call the Health Department (251-8183) to report the incident and to obtain assistance/recommendations from Public Health Nursing and/or Environmental Health.
- 3 Assist treatment of students.
- 4 If necessary initiate emergency plan procedures...evacuation etc.
- 5 Principal will call for all clear or for an evacuation as conditions require.

All Other Staff/Volunteers:

1. School Secretary will contact/notify Parent/Guardian and care for student if nurse is not available.
2. Nurse will manage health and safety of students in need and assist administration as needed.
3. Custodians will sanitize and clean while observing universal precautions and assist administration as requested.
4. Volunteers will assist classroom teacher or other staff member they are working with during the day.

Health Department:

1. Upon identification of infectious agent or toxin, the Health Department will provide recommendations to the school in terms of length of exclusion (if necessary) of ill children/staff. If treatment or prophylaxis of well contacts is recommended, the Health Department will inform the school. If needed, the school will assist the Health Department in a contact investigation to identify all who have been exposed to the infectious agent or toxin.
2. The school will work with the Health Department in providing accurate information to the parents regarding the situation. Information could include name of the infectious agent (bacterial or viral) or toxin, mode of transmission, prevention, treatment, prophylaxis, symptoms and clinics providing services.
3. Recommendations that the school receives from the Health Department will vary depending on the infectious agent or toxin/chemical affecting those at the school.

Emergency Operation Plan Appendix - B14

Emergency Operation Plan Appendix – C1

Shelter in Place Procedures

1. Staff in charge shall lock the classroom doors, and have students stay inside the building and classroom until the “all clear” signal is given by public address announcement or designated “staff runner” from the administration. Immediately put a stop to any fooling around.
2. Do not call the office unless it is absolutely essential to do so. Staff should send an email with their status and list of students present and/or missing to JANESVILLE_EMERGENCY@janesvilleschool.org.
3. Use good and quick judgment—only admit a late student if it is safe to do so.
4. Do not admit anyone else into your room except an administrator or police officer.
5. Classes that are outside when the emergency (or drill) occurs shall take shelter in the nearest building that can accommodate the group.
6. Staff members will escort wandering or late students to the student cafeteria, to the office, or to the nearest safe area, as appropriate.
7. Students shall not be allowed out of the classroom or other designated safe area unless escorted by designated adults.
8. Staff with cellular phones and/or walkie-talkies may keep those in normal mode to enable communication with the office. Students shall keep cellular phones off.

Emergency Response

Shelter in Place is used in cases of a need for a precautionary lockdown such as an unspecified threat in the general area. The concept of shelter in place is a “no one in, no one out” scenario. During a shelter in place scenario, all exterior doors are locked, and the students and staff are to remain in the classrooms or designated locations at all times unless escorted by designated adults.

Announcement

An announcement will be made in person or over the public address system. The announcement will say, “**Attention please. We have a possible emergency situation and need to implement Shelter in Place procedures. Teachers and staff are to lock all doors and keep all students inside until further notice.**”

All Clear

All Clear is used to conclude other immediate actions taken upon an emergency to notify staff that normal school operations can resume. **All Clear** signifies that the emergency is over.

Announcement

An announcement will be made over the public address system. The announcement will say, **“Your attention please. (Pause) All Clear. (Pause) All Clear. (Pause). All Clear. (Pause) It is now OK to resume normal school activities. Thank you for your cooperation.”**

Adult staff messengers with oral or written word may be used as an alternate means of staff notification.

Emergency Operation Plan Appendix – C2

Lockdown Procedures

Any staff member may call an intruder alert from any phone in the school by using the “page” all-call feature (extension 4599). This shall activate the following lockdown procedures.

1. Staff in charge should lock the classroom doors, have students be silent, and stay inside the building and classroom until the “all clear” signal is given by public address announcement or designated “staff runner” from the administration. Immediately put a stop to any fooling around.
2. Do not call the office unless it is absolutely essential to do so. Staff should send an email with their status and list of students present and/or missing to JANESVILLE_EMERGENCY@janesvilleschool.org.
3. Use good and quick judgment—only admit a late student if it is safe to do so.
4. Do not admit anyone else into your room except an administrator or police officer.
5. Staff members will escort wandering or late students to the student cafeteria, to the office, or to the nearest safe area, as appropriate.
6. Stop all instruction or class activities immediately.
7. Turn off all classroom lights.
8. Close window blinds or shades, if applicable
9. Direct students to assume sheltered positions so that the room looks empty (Visualize how you would like the room to look if you were walking outside of it.) Staff may prepare for a run/hide/fight scenario as appropriate to their situation and abilities.
10. Staff with cellular phones and/or walkie-talkies may keep those on but QUIET to enable communication with the office. Students shall keep cellular phones off.
11. If gunfire or explosions are heard, staff should direct the students to quickly and quietly run and hide in a safe area if they can safely do so without being more exposed to the acts of violence. Students and staff should run into the trees and/or to the homes in the neighborhood. They should remain hidden until law enforcement has clear control of the situation. Persons not physically capable of walking and/or running, shall be directed to a safe hiding place.

Emergency Response

Lockdown is used to prevent intruders from entering occupied areas of the building and to remove students from potentially dangerous situations. Lockdown is used when the danger is known and imminent. The concept of lockdown is “no one in, no one out” scenario. During lockdown all exterior doors are locked, and the students and staff are to remain in the classrooms or designated locations at all times unless staff members determine running and hiding elsewhere is the safer option. **Lockdown** is not normally preceded with any other warning.

Announcement

An announcement will be made in person or over the public address system. The announcement will say, “**Attention please. We have an emergency situation and need to implement Lockdown procedures. Teachers and staff are to lock all doors and keep all students inside until further notice.**”

All Clear

All Clear is used to conclude other immediate actions taken upon an emergency to notify staff that normal school operations can resume. **All Clear** signifies that the emergency is over.

Announcement

An announcement will be made over the public address system. The announcement will say, “**Your attention please. (Pause) All Clear. (Pause) All Clear. (Pause). All Clear. (Pause) It is now OK to resume normal school activities. Thank you for your cooperation.**”

Messengers with oral or written word may be used as an alternate means of staff notification.

Emergency Operation Plan Appendix – D1

Bullying and Cyberbullying

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Such strategies shall be incorporated into the comprehensive safety plan and, to the extent possible, into the local control and accountability plan and other applicable district and school plans.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

If the Superintendent or designee believes it is in the best interest of a student who has been the victim of an act of bullying, as defined in Education Code 48900, the Superintendent or designee shall advise the student's parents/guardians that the student may transfer to another school. If the parents/guardians of a student who has been the victim of an act of bullying requests a transfer for the student pursuant to Education Code 46600, the Superintendent or designee shall allow the transfer in accordance with law and district policy on intradistrict or interdistrict transfer, as applicable.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

Examples of Prohibited Conduct

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. 2. Verbal bullying: An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm
3. Social/relational bullying: An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public
4. Cyberbullying: An act such as sending demeaning or hateful text messages or emails, spreading rumors by email or by posting on social networking sites, or posting or sharing embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

(cf. 5131 - Conduct)

(cf. 5137 - Positive School Climate)

2. The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

(Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to the district. If the student

is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the superintendent of the new district of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed. (Welfare and Institutions Code 827)

Emergency Operation Plan Appendix – D7

Procedures for School Arrivals and Departures

Going To and From School

A student is responsible for his or her actions going to and from school just as if he/she were on campus. State Education Code requires students to be held responsible for observing school rules and property rights while going to school and while returning home from school. Therefore, parents should ensure that their student proceeds directly to school and home again prior to taking part in any other activity. Students should be given enough time to get to school. Students should not arrive before 7:45 a.m. Students are expected to proceed to school and home again while obeying all traffic rules, respecting the property rights of homeowners on their route, and obeying all school rules.

Students are **NOT** allowed on campus before 7:45 a.m. Students may **NOT** remain at school more than thirty minutes after the end of the school day. Students who are still on the campus after thirty minutes must check in with the school office staff so their parents can be notified that they need transportation. Students cannot remain on campus after school unless there is a reason to be here. We do not have supervision for your children before or after school hours.

School to Home Instructions

Please make the school aware of any changes in your child's "go home" plans, especially when younger children are involved. Let children know before school if there is to be a change in their daily schedule. Send a note to your child's teacher making her or him aware of the change. Students who are going to a friend's home must have a note from their parent. Please call the school as soon as you know if your child must leave school due to an emergency. Please call the office and not directly into classrooms. Most classes go outside in the afternoon and we are unable to reach students with phone messages.

Please call with student instructions by 12:00 p.m.

Closed Campus

Janesville School has a closed campus. Students are allowed to leave only when signed out by a parent or guardian. Other situations must be cleared through the office by phone or by note. Students who arrive late to school from a medical/dental appointment will be **required** to furnish a note from the doctor/dentist office. If a note is not provided, the tardy will be logged as unexcused. Students who leave during the school day for medical/dental appointments will be required to report to the school office upon their return with a note from the doctor/dentist office. Any student who violates the closed campus by leaving school during school hours without permission will be considered truant. Students must remain in designated areas during school hours. Due to traffic danger, students must remain out of all designated parking areas during school hours.

Visitors

Parents and guests must sign in at the office. They will receive a visitor's pass prior to going anywhere on campus. This is required to protect the safety of all students and staff. Your cooperation is essential. Students will refrain from communicating with anyone who does not have a visitor's badge or who is not a known staff member. Students should also report any person who attempts to communicate with them if that person does not have a visitor's badge and who is not a known staff member.

Parents who wish to make appointments with teachers should contact the school at 253-3551. The teacher will return the call as soon as possible. Appointments with teachers can only be made before or after school hours. Parents are encouraged to visit and to volunteer at our school. Please follow the procedure for visiting our school as described above. **Students from other schools may not visit our campus during school hours.**

Parking and Traffic Control

Vehicles must be parked in designated parking areas only. Leaving a car unattended in an area not designated for parking is prohibited. Parents/Guardians and staff members must be careful when picking up or dropping off their children. All visitors must sign in at the office.

Please take care when driving in the parking lot area. Watch for students and drive slowly! Let's work together to avoid a tragedy.

Emergency Operation Plan Appendix – D8

The Lassen County Sheriff's Department will also be notified. No laser pointers are allowed at school without prior approval of the Superintendent/Principal (penal code 417.27).

In addition, there are items which the District states are not appropriate for school use and are not to be brought to school. These items include toys, party gags, balloons, hard baseballs, non-approved books or magazines, glass containers, yo-yos, trading cards, expensive jewelry, metal baseball bats, or aerosol cans. This contract must be completed and signed by the student and the student's parents/guardians before carrying a cell phone on campus. This contract can be obtained in the school office. Cell phone contracts must be renewed annually.

According to board policy and the associated cell phone usage agreement, cell phones brought to school must be turned off and stored in the students' backpack during the school day. Students who violate the cell phone policy will have their cell phone confiscated and turned over to the principal or designee. A parent will be required to pick up the confiscated item. Students who fail to follow the cell phone policy may also be prohibited from bringing a cell phone to school for the remainder of the school year. Students will be subject to the Disciplinary Check (✓) System, including suspension, for violation of school rules.

Hate Crime Reporting

Board Policy 5145.9

The Governing Board is committed to providing a safe learning environment that protects students from discrimination, harassment, intimidation, bullying, and other behavior motivated by a person's hostility towards another person's real or perceived ethnicity, national origin, immigrant status, sex, gender, sexual orientation, religious belief, age, disability, or any other physical or cultural characteristic. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote safe environments for youth. Such collaborative efforts shall focus on ensuring an efficient use of district and community resources, developing effective prevention strategies and response plans, providing assistance to students affected by hate-motivated behavior, and/or educating students who have perpetrated hate-motivated acts.

The district shall provide students with age-appropriate instruction that includes the development of social-emotional learning, promotes their understanding of and respect for human rights, diversity, and acceptance in a multicultural society, and provides strategies to manage conflicts constructively.

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hate-motivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

Complaint Process

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

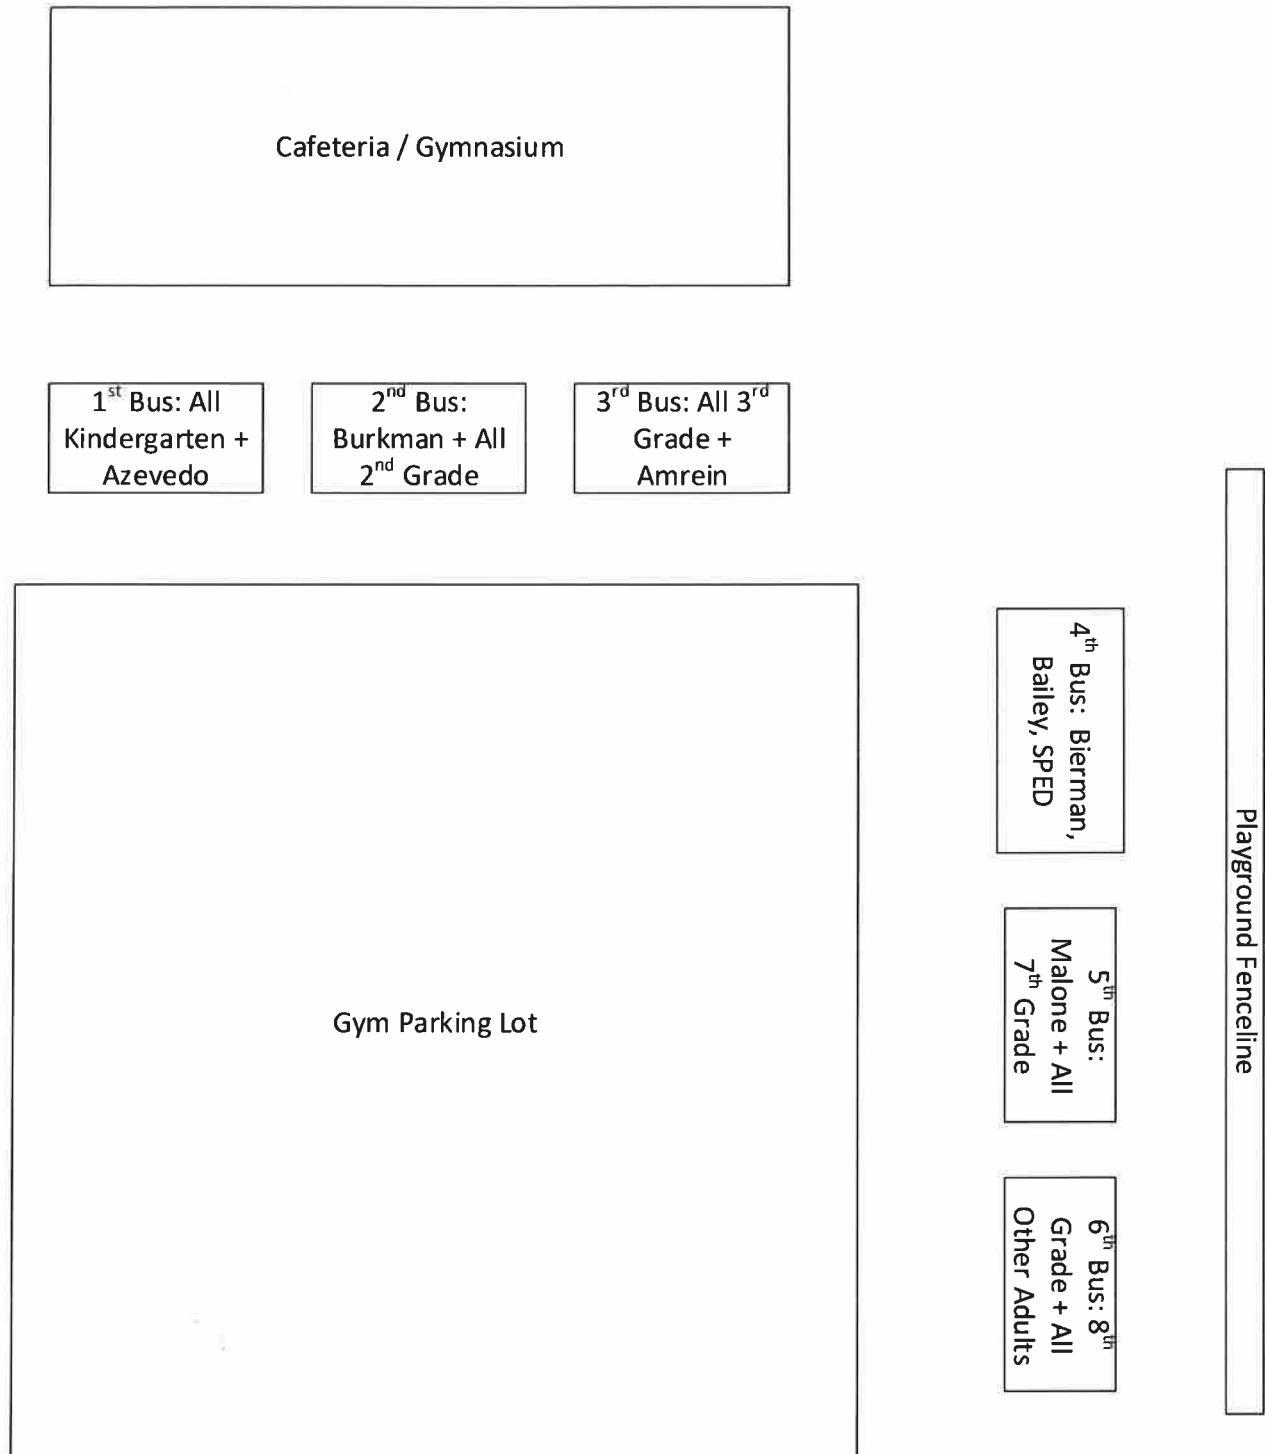

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the principal or the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. As appropriate, he/she shall also contact law enforcement.

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

2020-21 LCAP Federal Addendum Certification**CDE Program Contact:**Local Agency Systems Support Office, LCFF@cde.ca.gov, 916-323-5233**Initial Application**

To receive initial funding under the Every Student Succeeds Act (ESSA), a local educational agency (LEA) must have a plan approved by the State Educational Agency on file with the State. Within California, LEAs that apply for ESSA funds for the first time are required to complete the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum Template (Addendum), and the Consolidated Application (ConApp). The LCAP, in conjunction with the Addendum and the ConApp, serve to meet the requirements of the ESSA LEA Plan.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

Returning Application

If the LEA certified a prior year LCAP Federal Addendum Certification data collection form in the Consolidated Application and Reporting System, then the LEA may use in this form the same original approval or adoption date used in the prior year form.
