Salad on a Stick with Honey Mustard-Yogurt Dressing

Eating vegetables is fun when you serve them with cheese cubes on a skewer and dressing for dipping.

Salad

For each serving use:
• 1/2 cup fresh vegetables cut into 1-inch chunks, such as bell peppers, cucumbers, zucchini, tomatoes, celery, radishes and mushrooms
• 2 - 3 leaf lettuce, baby romaine or spinach leaves
• 1 1/2 ounces, low-fat Cheddar cheese cut into cubes
• 1 wooden skewer

Honey Mustard-Yogurt Dressing

1 cup plain, fat-free or low-fat yogurt
3 tablespoons sweet honey, deli-style mustard
2 teaspoons honey
1 teaspoon salt
1 teaspoon sugar

1. Wash hands.
2. Wash vegetables, pat dry with a clean paper towel and cut into 1-inch chunks.
3. Prepare dressing by mixing all ingredients in a bowl. Store in the refrigerator until ready to use.
4. Ribbon lettuce or spinach around the vegetables and cheese cubes and alternate them on the skewer. Dip and enjoy!

Makes 8 servings

Source: 3-Every-Day™ of Dairy

August is Family Meals Month. While lunch at school is not an official “family meal,” weigh in as if it were and remind your children to drink milk at lunch. Milk is served with School Lunch every day and also available on the a la carte line for children who bring lunch from home.

As you gather around the table, fill everyone’s glass with milk and make “milk with meals” a standard practice at home. It helps ensure the entire family gets the 3-Every-Day™ of Dairy recommended by the 2005 Dietary Guidelines for Americans. It’s also easier for children to make healthy food choices when they know the family’s nutrition “rules of the road,” and they see their parents making healthful choices.

• Besides being nutritious and delicious, research shows that children who drink milk at lunch have higher intake of several critical nutrients, including calcium, zinc and vitamin A than children who don’t.
